# PIETRO SCABELLONE

has successfully completed

## PARALLEL PROGRAMMING AND OPTIMIZATION FOR INTEL® ARCHITECTURE

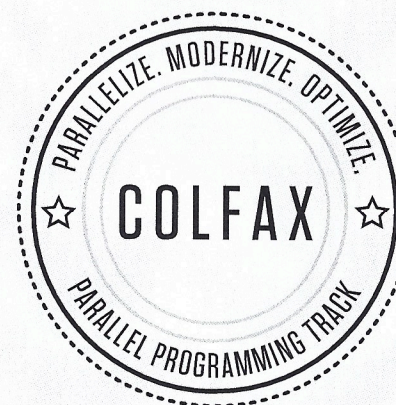

The HOW (Hands-on Workshop) series, a 20-hour Web-based training program with hands-on component on best practices for programming Intel® Xeon® processors and Intel® Xeon Phi™ processors and coprocessors.

A handwritten signature in black ink, reading "Gautam Shah", written over a horizontal line.

**Gautam Shah**  
President and CEO, Colfax International

## LEVEL OF ACCOMPLISHMENT

FUNDAMENTAL

- |             |                                                                                                                                                     |
|-------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Fundamental | - issued to students who attended training for courses that do not have post-training exams                                                         |
| Craftsman   | - issued to students who attended training and successfully passed post-training exams                                                              |
| Trainer     | - issued to students who attended special courses and passed tests that qualify the attendee to conduct the named Colfax Developer Training program |
